

THE IMMERSIVE LEARNING PROJECT

RED CAT
ADVENTURES

The Immersive Learning Project offers interactive and fun experiences for all ages and group sizes in the heart of the Whitsundays.

The Whitsundays
THE HEART OF THE GREAT BARRIER REEF

3 COURSES TO CHOOSE FROM

REEFSEARCH TOUR

Immerse yourself into the wonders of what lies beneath!

This full-day interactive educational experience dives deep into marine ecology, unique ecosystems, biodiversity and conservation of our World Heritage listed Great Barrier Reef.

Swim alongside our Master Reef Guides and Marine Biologists whilst you discover how to identify species of coral and fish, survey locations and report on one of the 7 natural wonders of the world.

Our Reefsearch tour is an educational, curriculum-linked customised program, which teaches about the Great Barrier Reef Marine Park Authority's Eye on the Reef program and the Coral Watch Health Chart.

Throughout the day's adventures, you will learn about coral species, marine wildlife, indicator species, water quality, reef health and threats to the Great Barrier Reef.

Become part of the future of the Great Barrier Reef today and contribute to the invaluable role of helping to protect Australia's most precious asset by becoming a Citizen Scientist.

THE LAND & SEA

Indigenous Experience

Become immersed in an awe-inspiring interactive educational experience with one of the oldest nations on earth as you are taken on a journey of man's interaction with the land and sea. Learn about Indigenous culture, history, heritage and storytelling. For over 60,000 years traditional connections to sea country have been part of indigenous maritime culture and customs (classroom).

The foundations of life

Let's piece together the world's largest puzzle – the Great Barrier Reef. Through interactive educational storytelling begin to understand the astounding world beneath the waves (classroom).

Eco Barge Clean Seas Experience

See first-hand the effects of pollution on the marine environment with a hands-on guided tour of a Turtle Hospital and Rehabilitation Centre. Here we will discover the cause and effect of our worlds pollution whilst becoming part of the solution (excursion).

AUSTRALIAN
MARINE DEBRIS INITIATIVE

SAFETY AT SEA

All Aboard!

Plan a voyage and sail the waters of the Whitsundays. Develop the teamwork required onboard to successfully manoeuvre the vessel towards your planned destination. Leadership and teamwork are the secret ingredients of a strong crew.

The laws of the sea, navigation, vessel handling, safety equipment, weather conditions and emergency procedures are subjects covered on this voyage of discovery.

Both onboard and in-water safety at sea are vital learning life skills, so once at your planned destination, in-water safety will be taught. From rescuing a scurvy crew member, to what you can and cannot catch and serve your Captain for dinner. This component covers all the hazards you may find in the ocean.

ADDITIONAL COURSES AVAILABLE

Shipwrecked
Team Building and Leadership
Boat License Shipboard Safety (16years+)
Open water dive certification
Wildlife Encounter
Falls to Paradise
Shift Training
